“QBMR” means Quarterly Borrowing Monitoring Return.

2. PROBLEM STATEMENT

2.1 Considering the large demand for municipal infrastructure, borrowing is an important element to obtain additional funding sources to fund the municipal capital programme over the medium term.

2.2 Given that a large portion of municipal infrastructure has a long-term economic life and the general principle that the current ratepayers should not pay for an asset in the short term that is to be used by future ratepayers during life of the asset , there is a strong economic argument of finance this capital expenditure through long-term borrowing in order to accelerate the pace of delivery and to mirror the repayment funds with the economic life of the asset. The economic life of assets should always be equal to or longer than the tenure of the debt finance.

2.3 It would be appropriate for the Town to adopt a borrowing policy which shall be consistent with the Act and its regulations.

3. DESIRED OUTCOME

3.1 This Policy, in line with sections 19, 46 and 47 of the Act, sets out the procedures to be followed in sourcing funding from external service providers.

3.2 The following objectives of the policy are to:

- a) enable the Town to exercise their obligation to ensure sufficient cash resources to implement capital programme in the most effective manner;
- b) ensure compliance with the relevant legal and statutory requirements relating to municipal borrowing;
- c) govern the taking up of short-term and long-term debt according to the legislative framework;
- d) manage interest rate and credit exposure; e) maintain debt specified limits and ensure adequate provision for the repayment of debt; and
- f) to maintain financial sustainability.

4. STRATEGIC INTENT

The intent of the policy is to:

- a) Ensure a transparent and corruption- free government;
- b) Establish an efficient and productive administration that priorities delivery;
- c) Ensure financial prudence, with clean audits by the Auditor-General

5. POLICY PARAMETERS

5.1 The process for obtaining external loan funding for the Town and its municipal entities falls exclusively within the functional area of the Treasury Directorate of Finance

5.2 All borrowing made by the Town must be in accordance with this policy and with any regulations promulgated by national government.

6. ROLE PLAYERS AND STAKEHOLDERS

6.1 The CFO must, in consultation with the Budget and Treasury Directors, assess the

Town's financial requirement and determine the amount of funds that need to be raised from external service providers, particularly to fund the capital programme. The assessment must be made in conjunction with the Medium Term Revenue and Expenditure Framework (MTREF) and the capital budget which is approved by Council.

6.2 The Treasury Directorate is responsible for the implementation of this policy.

7. REGULATORY CONTEXT

The legislative framework governing borrowing is informed by the following legislations:

- a) Local Government Municipal Finance Management Act,(Act 56 of 2003); and
- b) Municipal Regulations on debt Disclosure, regulation R492, published under Government Gazette 29966, 15 June 2007.

8. OPTIONS FOR RAISING OF EXTERNAL DEBT

8.1 There are four possible methods of raising external debt have been identified, namely:

- a) Raising of project specific loans through financial services providers;
- b) Raising of non-project specific loan value for a particular financial year; and
- c) Raising of bonds on the bond market;
- d) Appointment of a financial service provider as sole financier to the Council for a period of not exceeding three (3) financial years.

8.2 A combination of all four methods of raising external debt could be utilized over a period of time.

9. ASSESSMENT OF FUNDING REQUIREMENT

9.1 Funding requirements for capital projects/assets, together with an assessment of the funding sources, must-

- a) be determined annually;
- b) taken into account a multi-year period; and
- c) be done in order to determine the adequacy of available funding sources.

- 9.2 Council must take into account how funding decisions affect the operating budget for the multi-year period, which will include the long term on tariffs.

10. FINANCIAL RESOURCES

A full analysis of all cash reserves is required prior to borrowing to ensure the most cost effective method of financing.

11. RAISING OF EXTERNAL DEBT FOR FUTURE FINANCING OF CAPITAL EXPENDITURE

Budget Financial Plan

- 11.1 On an annual basis, the CFO must assess the Town's financial requirements and determine the amount of funds that needs to be raised from external service providers.
- 11.2 Consideration must be taken of the limitations per capital and operating budgets and the expected impact that any external debt raised may have on the budget. 11.3 The Town's standard budgeting process must be followed when assessing the funding requirements of the Town and the need for long term funding from external sources.
- 11.4 The impact of the financial plan on the capital and operating budget must be considered and included in the budget.

12. COMPLIANCE WITH FINANCIAL SERVICE PROVIDER REQUIREMENTS

12.1 Financial Ratios

- a) Where it has been decided that funding will be sourced externally, the financial service provider may, when considering an application for external debt from the Town, take certain ratios into consideration.
- b) The CFO must determine the applicable ratios for long term funding and suggested performance levels.
- c) The ratios should be monitored to ensure that the Town is able to meet its requirements to access external debt from financial service providers of its choice.

- d) Where these performance levels, relating to the financial ratios, are not attained, corrective action should be taken to prevent non adherence to the loan covenants.

12.2 Credit rating

- a) The CFO is responsible for securing and maintaining an appropriate credit rating from a recognized, reputable credit rating organization.
- b) Supply Chain Management procedures must be followed in evaluation and appointing an appropriate credit rating agency.

13. RATIOS USED TO DETERMINE THE TOWN'S ABILITY TO BORROW

To ensure a financially sustainable Town, the following ratios are used as guidelines to Determine the Town's ability to borrow-

- a) total debt to revenue(excluding grants)
- b) debt service coverage ration;
- c) debt to net Cash ration;
- d) financing cost ration;
- e) cash flow interest cover ration; and
- f) cash available from operations before external interest paid.

14. COMPULSORY DISCLOSURES WHEN INCURRING MUNICIPAL DEBT

14.1 When entering into discussions with a prospective lender with a view to incur municipal debt, the Town must indicate in writing to the prospective lender whether it intends to incur short-term or long-term debt.

14.2 In cases of short-term debt it must be disclosed whether the debt is to finance-

- a) shortfalls within a financial year during which the debt is incurred in expectation of specific and realistic anticipated revenue to be received within that financial year; or
- b) capital needs within a financial year, to be repaid from specific funds to be received from enforceable allocation or long-term debt commitments.

14.3 In the case of long-term debt, whether the purpose of the debt is for-

- a) capital expenditure on property, plant or equipment to be used to the purpose of achieving the objectives of local government, subject to section 46(4) of the Act; or
- b) refinancing of existing long-term debt, subject to section 46(5) of the Act.

15. COMPLIANCE WITH MUNICIPAL REGULATIONS ON DEBT DISCLOSURE

Regulation 6 of the Municipal Regulations on Debt Disclosure, 2007, states that whilst the Town is party to a municipal debt instrument it has to have a credit rating in

place which must be reviewed annually by an independent credit rating institution until it has been redeemed.

16. BORROWING PROCESS

The Borrowing process will be affected in terms of section 6 of the Act.

17. SUBMISSION OF DOCUMENTS

When entering into discussion with a prospective lender with a view to incur short-term or long-term debt, the following information must be made available to the prospective lender-

- a) audited financial statements for the preceding three(3) financial years with audited outcomes;
- b) approval annual budget;
- c) the Integrated development Plan;
- d) repayment schedule pertaining to existing short-term or long-term debt.

18. NOTIFICATION TO NATIONAL TREASURY
