PART 1: IN-YEAR REPORT FOR THE PERIOD ENDING 30 SEPTEMBER 2025

TO: THE MAYOR
FROM: FINANCE DEPARTMENT

MUNICIPAL FINANCE MANAGEMENT ACT (MFMA): SECTION 71: IN-YEAR MONTHLY BUDGET STATEMENT FOR THE PERIOD ENDING 30 SEPTEMBER 2025

1. Purpose

The purpose of this report is to comply with section 71 of the MFMA and the requirements as promulgated in the Government Gazette No 32141 of 17 June 2025 by the submission of a monthly budget statement to the Executive Mayor, National and Provincial Treasuries containing prescribed financial performance particulars for that reporting month and for the financial year up to the end of that month, as legislated.

2. Background

Section 71 of the MFMA and in terms of Government Notice 32141 dated 17 April 2009, regarding the "Local Government: Municipal Finance Management Act 2003 and the Municipal Budget and Reporting Regulations" necessitates those specific financial particulars be reported on and in the format prescribed, hence this report to meet legislative compliance.

"The monthly budget statement of a municipality must be in the format specified in Schedule C and include all the required Tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act". Further, Section 71 of the MFMA requires that, "the accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality, and the relevant national and provincial treasury, a statement in the prescribed format on the state of the municipality's budget reflecting certain particulars for that month and for the financial year up to the end of that month".

For the reporting period ending 30 September 2025, the ten working day reporting limit expires on the 15th October 2025. The National Treasury will use only the MSCOA data strings required for submission as prescribed and all publications will use the data collected from, the MSCOA data strings" which must be submitted before or on 15th October 2025.

3. Executive summary

The Statement of Financial Performance shown in Annexure A, Table C4, is prepared on the prescribed monthly C-schedules, detailing Revenue by source and Expenditure by type. The consolidated summary of the financial performance is indicated in Table 1 below:

Description thousand	R	YTD Budget September 2025	YTD Actual September 2025	Variance Favourable (Unfavourable)	%YTD Actual vs YTD Budget
Total Revenue (excluding capital transfers and contributions)		R29,275 million	R30 164 million	(R889 million)	3%
Total Operational Expenditure	R134 313 million	R8081 million	(R25 million)	229	-22%

4. Budget performance overview

The municipality is implementing the original budget for 2025/26 financial year. The original budget for 2025/26 was assessed as unfunded with a recommendation from National Treasury that the municipality should engage in a process of developing a Budget Funding plan. The municipality engaged in the process of developing a Cost Reflective Tariff which is bound to assist the municipality in attaining a funded budget.

The municipality's Debt Relief application to National Treasury was approved on the 1st December 2023 with the condition of maintaining bulk Eskom and Water account amongst other conditions. The municipality received a notice of breach in relation to the Debt Relief Program for none payments made to Eskom.

Exchange Revenue

- Service charges – Electricity** – Electricity is showing a variance of -23%. Electricity comprises of pre-paid and conventional electricity meter boxes. The municipality generates more revenue from pre-paid electricity sold at the municipality pay point of sale and the electricity vendors.
- Service charges' water** is showing a under-recovery of minus -10%. Reason for the difference between the actual and budgeted amount is because majority of the consumers are not paying, and that can be because of accounts not reaching them or meters that are covered by the soil, cements, uninstalled meters and faulty meters resulting in unmetered consumption therefore the meter reader cannot read actual readings. The municipality is currently busy with a water meter audit and where there are no meters, meters are currently being installed. All properties must be considered on the General Valuation Roll, and the same applies to all service charges like sanitation and refuse as it is also showing an under-recovery compared to the YTD budget.
- Sale of Goods and Rendering of Services** is Interest earned from Receivables is showing a variance of minus 36% due to the increase in debt over 90 days not being serviced.

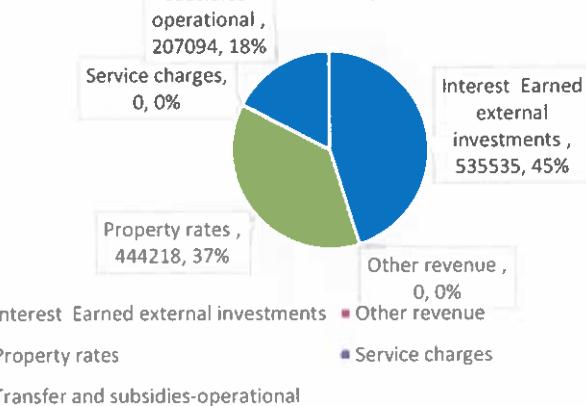

- Interest from Current and Non-current Assets shows a negative variance of 80%, and operational revenue is showing a variance of negative 18% as a result of slow recovery on incidental cash surpluses and commission: transaction handling fees.

Non-Exchange Revenue

- Property Rates is showing a minus variance of 96% which is an improvement.
- Fines, penalties and forfeits is showing a negative variance of 83%, due to the under-recovery on fines: Law Enforcement.
- Transfers and subsidies – Operational are showing a positive of 31%.
- Operational Revenue shows no movement for the month under review.
- Gains and disposal of assets, shows a negative variance of 100%.

Indicated in Chart 1 below is the weighting of the YTD Actual on billed Revenue per Source as a percentage of total operational revenue as at 30 September 2025.

Comparison against YTD Budget

As indicated in the Table above, as of 30 September 2025 current YTD expenditure shows a variance of minus -22%. The YTD actual amounted to R26 098 against the YTD Budget of R133 280 million.

- Employee related costs show an underspending variance of -5%, due to the YTD actual being slightly less than projected. Post-retirement benefit obligations are not factored in and will only be finalised as part of year – end procedures.
- Remuneration of councillors is showing a positive 25% variance
- Bulk purchase – Electricity is showing a variance of 0% and all invoices to date has been captured on the system.
- Inventory consumed is showing a of minus 62%. Expenditure on inventory consumed needs to be monitored closely and remedial action be taken to ensure that funds are spent effectively with good value for money and that funds will be fully spent at year-end.
- Depreciation and impairment on assets - Depreciation is a decrease in asset value throughout based on the estimated asset life span. Impairment is the provision made in the annual financial statement that shows an unexpected decrease in the performance of an asset. Currently the system does not make provision for the calculation of the asset depreciation and impairment. Both depreciation and impairment are only calculated at year end through the proposed journals.
- Interest is showing a variance of - 30% due to delay in paying creditors.
- Contracted services have a variance of -48 it includes the professional services or other services offered by the consultants and other companies and a signed service level agement with the service providers are in place. All SLA are reviewed on a regular basis to ensure that the service is carried out as outlined in the SLA.

- Operational cost is showing a positive variance of 39% as a result various line items under operational cost being spent.

Also indicated in Chart 2 above is the weighting of the YTD Actual on Expenditure by Type as a % of total operational expenditure as at 30 September 2025. The main cost drivers of the municipality are Employee related costs, Operational Costs and Bulk purchases-electricity.

Electricity bulk purchases and small accounts

The municipality purchases the electricity from Eskom to provide electricity services to some of the wards within the municipal jurisdiction. The municipality does not supply electricity in all wards. For the month of August, the Municipality owes ESKOM an amount of R 1 820 837 45,7.

As part of the Debt Relief conditions the municipality is bound to make a monthly payment on current accounts and pay off an amount of R12million over a period of 12 months. No payment for the month of September 2025 was made to Eskom on bulk purchases.

Vanderkloof water user association – The invoice for 30 September 2025 amounts to R80,929.31 and no payment arrangements has been made.

As indicated above, the YTD Actual on capital expenditure as at end of 30 September 2025 amounted to R6 185 million and 56% spent when compared to the YTD budget of R3 965 million and 100% spent when compared to the Original Budget of R15 858million. The total YTD capex is funded from Capital grants R6 185 million (100%). Capex is extremely low and major intervention is required for the financial year. Contract management also needs to be monitored more closely, placing emphasis on the performance of appointed service providers and addressing issues of non-performance immediately. The capital expenditure report shown in Annexure A, Table C5 has been prepared on the prescribed monthly C-schedule, and is categorised by municipal vote and functional classification.

5. In-year budget statement tables

The financial results for the period under review is included in Annexure A, consisting of the following C-schedule tables.

Debtors Age Analysis by income Source as at 30 September 2025

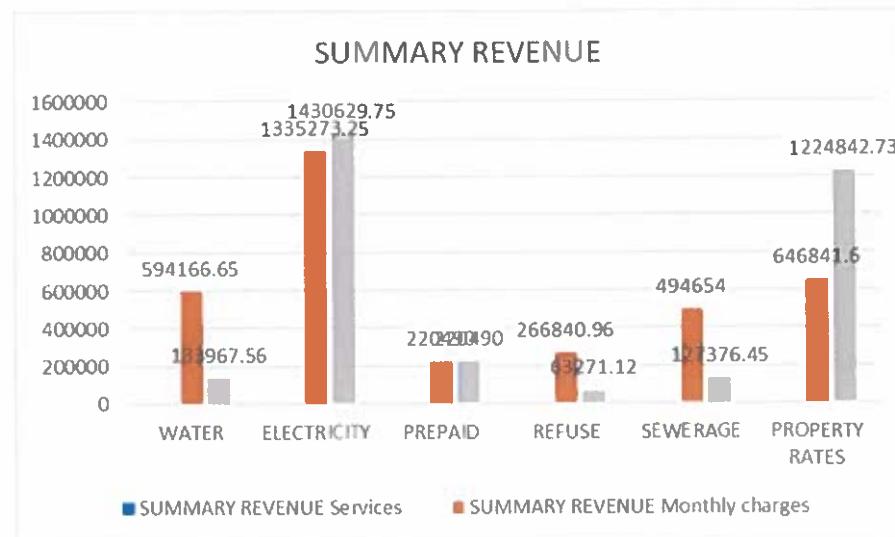

To-date, the municipality is owed **R135 471 million** and the debt over 90 days stand at **R124 266 million**. In accordance with the above tables, it is evident that there was no improvement in collection. Currently, the households' debtors constitute highest portion of the total debtor's book however the total debtor's book has been handed over to an external company for collection on behalf of the municipality. The monitoring of the progress status of the appointed company (Khumalo Masondo Attorney's Inc) is monitored on a continuous basis. Some of the consumers accounts are billed on an estimated billing readings and still need to be attended to. Reason for these estimates are meters that are covered by the soil, cements and uninstalled meters. The municipality should move in the direction of installing smart meters and constant maintenance should be prioritized on infrastructure.

The above figures depict the financial performance movement from August 2025 and total revenue for the month of September 2025 amounts to **R3200 577.61**. To-date the municipality has performed the total revenue collection by 90%.

Property rates

The property rates as indicated on the graph shows an inconsistent fluctuation of collection rate. For the month of September 2025, the municipality collected about 189% and has a turnover of 41%.

Electricity (Conventional and pre-paid)

Electricity comprises of pre-paid and conventional electricity meter boxes. The municipality generates more revenue from pre-paid electricity sold at the municipality pay point of sale and the electricity vendors. For the month of September 2025, electricity sales amounted to R143 0629,75 including the pre-paid sales.

Water

Revenue on water services billed amounts to R594 166,65 for the month of September 2025 and to-date the municipality collected for water services R133 967,56 for the month. Reason for the difference between the actual and billed amount is because majority of the consumers are not paying, and that can be because of accounts not reaching them or meters that are covered by the soil, cements, uninstalled meters and faulty meters resulting in unmetered consumption therefore the meter reader cannot read actual readings.

Refuse

Refuse is the collection of rubbish in all areas within Thembelihle and a certain refuse bill is required as part of the services rendered. Currently there is a refuse collection schedule that guides the employees in executing the refuse job. For the month of September 2025, the municipality billed R266 840,96 and actual collection amounts to R632 71,12 .

Sanitation

This is the provision of sewerage network to households and there are two different types of sewerage network, namely:

- Sceptic tanks
- Manhole's network

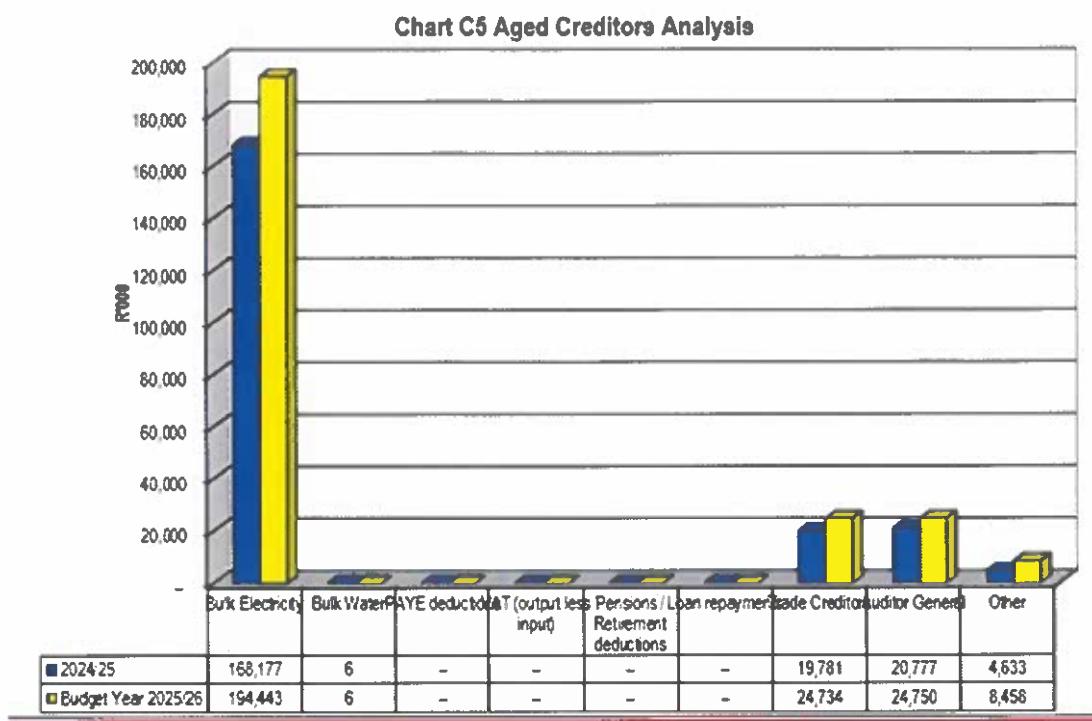

Sceptic tank is a cash service given to consumers where a call will be logged through the call centre and the consumer will make a payment at the cashier's point and keep proof of payment for the service paid.

Manhole services is the sewerage network that sucks all the waste water to the sewerage pump station and subsequently to the waste water treatment plant for recycling. For the month of September 2025, the municipality billed R494 654 actual received is R127 376.45 and this includes the conventional and cash transactions for the sceptic sanitation tank.

As depicted in the Table above, Employee related costs show an overspending variance of 10%. Post – retirement benefit obligations will be finalized as part of year – end procedures. It should be noted that the disclosure under performance bonus, is the annual bonuses that is budgeted for and paid out to employees. We do have individuals acting on vacant position

from time to time, but all such acting allowances forms part of basic salary line item. Councillors Remuneration is showing a satisfactory variance of minus 32% when compared to the YTD Budget.

The overtime controls are not effective and the desired outcome to remain within budget, was not achieved for 2023/24 fin year.

The same trend is transpiring for the current year. Overtime can be monitored by implementing more stringent control measures. The municipality should also ensure that critical positions to compliment capacity on the ground is expedited and filled with qualified personnel. The overtime policy was developed and approved by Council. There are some challenges with the implementation, especially pertaining to time-off in lieu of Overtime remuneration.

The BTO office recommends the following:

- ✓ The monitoring of daily tasks/assignments.
- ✓ Finding means to actually verify work performed, even if this means that for the first few questionable overtimes work that managers/supervisors actually go out to the site, if possible.
- ✓ Using the vehicle tracking reports to ascertain the timespan at a particular site.
- ✓ Request a detailed description of the nature of work done and insist on the exact site where work was performed being specified.
- ✓ The adherence to the overtime policy stipulations, is imperative in order to address the issues on overtime.

11. Material variances to the service delivery and budget implementation plan

Material variances pertaining to financial performance are primarily addressed in the executive summary under Section 4.1 to 4.3 or emphasised elsewhere in this Monthly Budget Statement. Any other material variances to the SDBIP will be included in the quarterly Section 52 (d) report for the period ending 30 September 2025.

12. Capital programme performance

Please refer to notes on Capital Expenditure in the Executive Summary, Section 4.3.

Chart C1 2025/26 Capital Expenditure Monthly Trend: actual v target

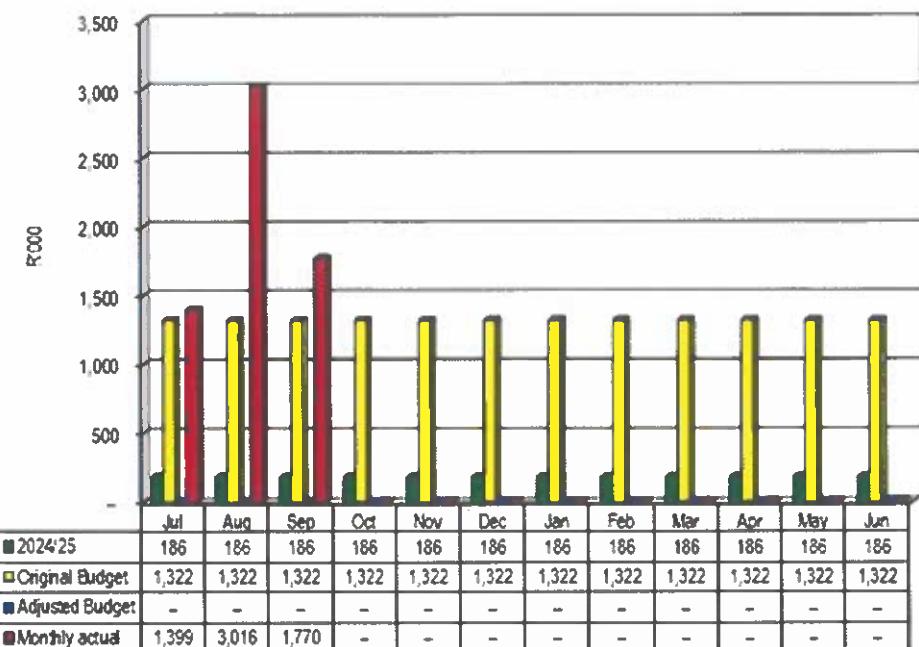

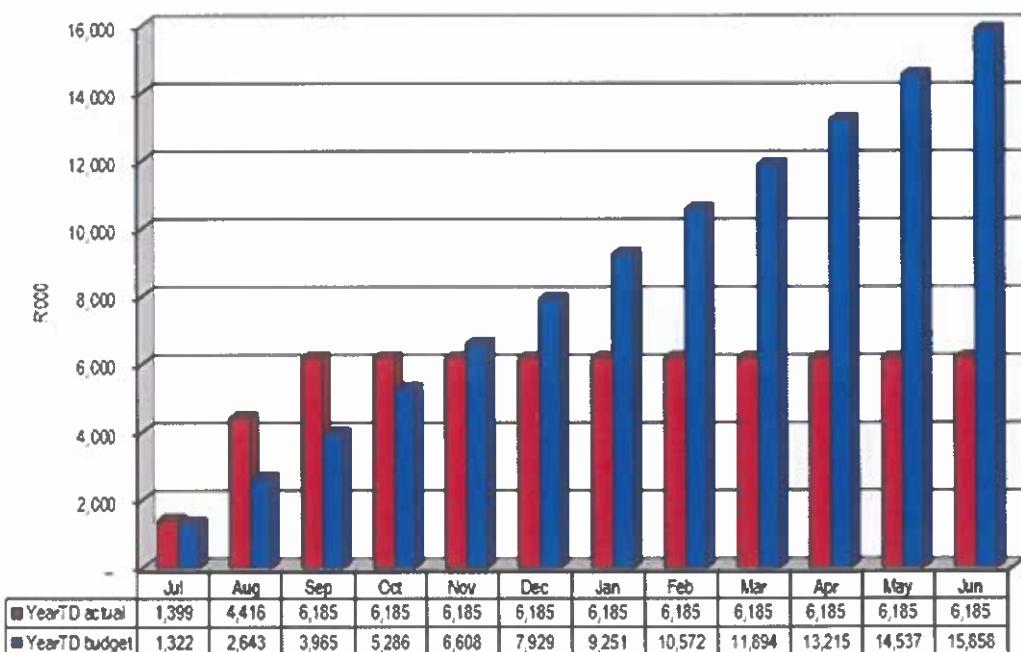

Chart C2 2025/26 Capital Expenditure: YTD actual v YTD target

Capital expenditure for September 2025 is low and this requires urgent intervention from management to remedy the situation. There is no actual monthly expenditure for August 025. Capital expenditure is also exclusive of VAT. Overall spending on grants should improve.

13. Other supporting documents

Additionally, information or supporting documentation for September 2025.

Monthly Debt Relief Non-Compliance/Intend to terminate letter accompanied by the Municipal.

14. Conclusion

I recommend that all the expenditure movements be discussed with the respective sections, so that line managers could be abreast with the expenditure movements to-date.

Recommendations

It is recommended that the Mayoral Committee take note of:

1. Monthly budget statement of September 2025.

2. The non-compliance emanating from the municipality's debt relief self-assessment as well as the Provincial Treasury's independent assessment set out in Condition 6.1 on the non-compliance letter.

3. The following remedial actions necessary to improve the municipality's compliance in terms of the Debt Relief Conditions:

4. As per recommendations:

- After receipt of the water meter audit by Inzalo EMS, accounts be corrected.
- Implement the credit control & debt collection policy
- Establish new accounts where there are no accounts
- Source funding for the installation of smart meters for both water and electricity
- Constantly and consistently investigate and address areas contributing to water and electricity losses and take corrective measures.
- Improve and increase registration of indigents on a monthly basis
- Adopt and implement cost-containment policy rigorously and consistently

In the table above is the Indigent information for the month under review of September 2025. The municipality is experiencing challenges in the restricting/interrupting of water supply and intervention is required from technical department. This should improve when the introduction of smart prepaid meters project.
