Thembelihle Local Municipality situated in the Northern Cape and covering the towns of Hopetown and Strydenburg, is committed to continuously improve the way that we do business. The intention is to completely move over to prepaid electricity meters over a period of time. For this reason it was decided to request tenders from prospective registered electrical Service Providers to:

2. Provide the costing for the installation of these meters throughout the municipal area where Thembelihle Municipality is the electricity provider; and
3. Provide full details (including costing) on the vending proposals to enable the public to purchase electricity at all reasonable times.

A compulsory session to discuss in more detail what the exact requirements are will be held on **15 January 2014 at 10:30** at the Municipal Offices in Church Street, Hopetown.
